

Village of Fraser Lake

October 16, 2019

TO VILLAGE OF FRASER LAKE RESIDENTS:

NOTICE – FIRE HYDRANT FLUSHING

The Village of Fraser Lake Public Works Department will be flushing fire hydrants from October 16, 2019 to November 15, 2019 between the hours of 8:00 am and 4:00 pm. Fire hydrant flushing is a critical annual program to maintain high quality drinking water. Annual flushing removes buildup in fire hydrants and water mains and brings fresh water into pipes that are used infrequently.

Please be advised that, you may experience a drop in water pressure as well as some discoloration of the water during this process. If your water does become discolored, turn on a cold water faucet for a few minutes to clear the water line.

We apologize for any inconvenience this may cause, but flushing is an important part of our system maintenance.

Thank you,

Village of Fraser Lake
